Narberth Voters Approve \$30,000 Playground Loan

MAJORITY OF 4 TO 1 REGISTERED
BY BIG VOTE IN CONFIRMA-
TORY ELECTION

The special election held on Monday to confirm the Playground loan resulted in a vote of 429 to 89, in favor of the project.

The large ballot was a source of surprise and gratification to those interested in this new public improvement. In all 520 ballots were cast, two of which were spoiled. Many who cast their votes against the loan in November, voted "yes" on Monday, saying that a fuller knowledge of the facts had caused them to change their minds. Others who admitted they were irrevocable, bowed to the expressed will of the majority and voted in favor.

For these reasons, the large majority not only indicated present enthusiasm, but also gave promise of a fine civic spirit in the future of the enterprise. Council will take steps at once to issue the necessary bonds, and to begin actual work on the grading of the property.

Of the \$30,000 appropriated by the ordinance approved Monday, \$22,500 is to purchase the property, now in possession of the Narberth Playground Association, and \$7,500 to be used in filling and leveling the tract of land. It is expected that the property will be ready for use as an Outdoor Community Recreation Center this summer.

Mrs. Mary Rose Collins gave a delightful reading of the play "The Old Lady Shows Her Medals," by J. M. Barrie. The theme of the play was so human and heart gripping as the other plays and stories of Barrie.

(We were introduced to four old hand working charwomen of London, who were enjoying their tea and gossip. Each boasted of a son engaged in War, but one boasted more than all the others. Her son was larger, braver and more gallant than any other. But he was only a creature of her imagination.

Suddenly a soldier son was brought to her, and for five days this strange pair of childless mother and motherless son tolerated, entertained and finally loved each other. And when he leaves this world she treasures his scarf and bonnet, his memory and his medals of honor.)

Mrs. Collins had many friends in the Club, and after her appearance today, she has a host of new ones, and we will all be glad when she comes again.

Mrs. E. H. Shope gave a Resume of Borough Government which had been thoroughly studied at the last meeting of the League of Women Voters. The women voters of Narberth should know many things about their ordinances and laws and these can best be learned through the discussions at the League meetings.

Narberth was incorporated as a Borough in 1895.

Mrs. Harry A. Jacobs had attended the meeting held in Ardmore on Monday of the Eastern District of the State Federation of Women's Clubs. She reported on the noon conference of Public Welfare which was under Mrs. H. C. Cochrane.

The room was prettily decorated with cupids, red hearts and flowers. The hostess for the afternoon was Mrs. M. F. Alexander, assisted by Mrs. J. E. Bailly, Jr., Mrs. Elizabeth Simons, Mrs. Harriet Noek, Mrs. L. E. Leech, Mrs. Wesley Paulson Bailey, Mrs. J. Garfield Atherholt, Mrs. Roland G. Augst, Mrs. M. C. Anderson and Mrs. C. Senton.

Many guests were entertained, among whom we were glad to see, Mrs. James P. Hunter, President of the Media Community Club, and Mrs. Ernest Clark, Chairman of their Educational Committee.

ANNUAL "MEN FOLKS" MEETING

On Thursday, February 16th, at 8 P. M., the Club members will entertain for their husbands and sweethearts. A speaker, who will be especially interesting to these honored guests has been secured. Major J. S. Stewart Richards will tell of his newspaper work in France under General Pershing.

Isn't it strange how many people have that peculiar faculty of finding out things that are none of their business.

A Communication on An Important Matter

The following letter from one of Our Town's friends, is regarded as of such interest as to warrant the closest reading. The ideas presented are undoubtedly of the most timely significance.

Attention! Red Blooded Employers

I wish that we were strong enough to lift

Each worry, trouble, toil and care
From off folks' shoulders everywhere.
My! That would be a worth-while
New Year's gift.

Come! Everyone upon this earthly sphere!

Resolve in Nineteen Twenty-two
To help life's burden bearers through.
Let's lighten—not just brighten, this
New Year.

The foregoing lines formed one of the many New Year's greetings and wishes received by America's beloved humorist and fellowman, John Kendrick Bangs, as he lay ill at his home in Ventnor, N. J., preparing to undergo the serious operation which finally resulted in his death.

Read that second verse over again!
It is more than a mere passing wish.
It is a literal command that should be
Driven home to the heart of hearts of
everyone of our citizens.

Let us look at it a moment, you men of Narberth generally—and more specifically, you men of Narberth who are elevated sufficiently high in the business world to be HIRERS OF OTHERS.

There are a good many in the hiring class—good Narberthians all—who in casting about for men to fill their needs, make use of advertising in an effort to secure them. This is fine as far as it goes—but the trouble is that it goes too far—much too far—it goes away out of Narberth. So for the time being, stop it!

Stop it! And think. Why in heaven's name can you not locate just the type of man or men you want, in Narberth? Why not garner them in from your own home town—make IT more prosperous—and lighten THEIR load—and do it at once?

While it is true that some business lines are slack, making it necessary to dispense with some employees permanently and put others on furlough, yet at the same time other lines of trade are finding it essential to comb the market for competent accountants, office men, factory workers and salesmen. The Help Wanted columns in daily papers prove it. Heads of business organizations admit it.

Several competent workers along the classifications mentioned are now available right in town. It is your duty as a townsman to meet them—confer with them. It can be arranged. Sound their qualifications and if it is in the wood to take them on, do so at once. Get off your high horses, if you are on them and get down on the plane of human helpfulness—and HELP your fellow human.

This is not the time for sitting tight

FIRE AT DUDLEY AVENUE HOME

Fire broke out at the home of N. E. Smalley, 104 Dudley Avenue, on Tuesday afternoon, as a result of a defective flue. The fire had smoldered for some hours, finally eating its way up through a frame partition and spreading under the floor of a second story bedroom.

Clouds of smoke were pouring forth when the Narberth Fire Co. arrived. The firemen, directed by John A. Miller, soon located the hidden flames which were extinguished by the use of the chemical engine.

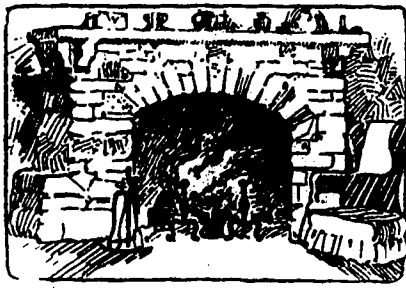

The family which had been driven from their home by the dense smoke were able to return in a short time much relieved from evident danger.

The firemen deserve unstinted praise for the prompt and effective manner in which they worked.

PUBLIC LECTURE AND ENTERTAINMENT

Under Auspices of K. of C.

Charles "Sandy" Chapman, overseas secretary for the Knights of Columbus during the world war, who at the council meeting in January spoke on the "K. of C. War Work Over There," will again come to Ardmore on Wednesday, February 15, in the auditorium of the Woman's Club. Mr. Chapman was so interesting that those who had heard him requested that he be called to Ardmore again and are inviting the public in general to hear of his experiences. He is both instructive and entertaining. Other entertainers will be on the program.

A Letter of Appreciation

To the Editor of "Our Town":

Narberth, Penna.,

Dear Sir:

The Borough of Narberth is blessed with a "real" Fire Department—up-to-date, brave, and efficient. This fact is known to a few of our citizens, but I have no doubt that it would take a misfortune such as I have recently experienced to awaken most of us.

On Monday morning last, at three o'clock, my residence at No. 19 Elmwood Avenue, was visited by a fire, which, at the time of its discovery, was of such proportions as to not only threaten the lives of my family, but appeared to doom my home as well. Ten minutes after the alarm was turned in to the telephone exchange by me, our Company was on the ground and had a stream of water on the blaze. Mind you, this was at three o'clock in the morning—Elmwood Avenue was covered with snow, in some places several feet deep, which had not been broken by traffic, and when the first hose connection was made, it was discovered that the plug was frozen up solid.

The fire was of such proportions when the firemen arrived, that it appeared the height of folly to approach close to the building, let alone enter it. Chief Noel, however, with the utmost bravery, not only entered the house, but also fought the flames from the inside, thereby limiting the damage to the least extent possible.

Permit me, therefore, through the columns of "Our Town", to express to Chief Noel and his company the heartfelt and sincere thanks of myself and family for their brave and efficient service. We are glad to be alive to so testify, and trust that it will not require similar misfortune for Narberth to appreciate and support its unselfish "boys."

Sincerely yours,

Frederic A. Egmore.

League of Women Voters Meets Monday

LOCAL ORGANIZATION TO HOLD
MEETING FOR DISCUSSION
COUNTY GOVERNMENT

Mrs. Carroll Downes will be hostess to the League on February 13th, at her home, 315 Woodside Ave. County Governments and County Courts will be the subject for discussion at this time. Mrs. Harry A. Jacobs has charge of the portion pertaining to County Government.

Mr. Fletcher W. Stites has very generously consented to tell the members about the County Courts if he can possibly arrange to be present. Mrs. H. L. Schwartz County chairman, will substitute, should Mr. Stites be unable to attend at the last minute.

There must be many things women are interested to know about their county. For instance, do you know the original number of Counties in Pennsylvania, and how many there are now in the State? What are the county officers? What are the principal duties and powers of the county commissioners?

What are the functions of the District attorney; the county solicitor; the engineer; the coroner; the sheriff; the prothonotary; the register of wills; the recorder of deeds; the jury commissioners and board of Viewers?

What property is exempt from taxes and by what authority is the county's tax rate fixed?

How many courts has your county and what are they? Do you know what cases are referred to these respective courts? Who are the judges? How do they receive their judgeship? What is the length of their term? What is their compensation?

If you do not possess this knowledge, can you afford to miss this opportunity of obtaining this information? All women are welcome whether members or not.

Remember the date—Monday, Feb. 13th, 3 P. M., at 315 Woodside Ave., Narberth.

Saint Valentine's Dance Next Tuesday

SPRIGHTLY AFFAIR IS PLANNED
BY MEMBERS OF TENNIS
ASSOCIATIONS

The St. Valentine's Dance of the Narberth Tennis Association will be held next Tuesday evening, February 14, at Elm Hall. Members and their friends are asked particularly to bear in mind the day—Tuesday, as the Tennis dances are usually held on Friday. The change in the regular schedule was made to meet the occasion—St. Valentine's this year falling on Tuesday.

So remember that the next Tennis Dance will be held next TUESDAY evening, February 14.

Members have been supplied with tickets and those needing extras for their friends can obtain them from C. B. Metzger, chairman of the Entertainment Committee, by calling, writing or phoning to him at his home, 15 Chestnut Avenue.

The music will be furnished by Stock's orchestra—than which there is no better jazzing outfit between here and the Isle of Yap.

For those who have not outgrown the well known sport of "sneaking" valentines under the front doors of our lady loves' home, ringing the bell and then running down to the corner and hiding—for those of us who are still reasonably youthful in spirit but a little too dignified, or middle aged, or rheumatic, to follow the old style plan, we know of no better way to celebrate the good St. Valentine than to attend the Valentine Dance that the Tennis Association is giving next Tuesday evening at Elm Hall.

HOME BAKE

The Silver Cross Circle of "King's Daughters" will hold a Home Bake on Saturday morning, February 18, 1922, from 9.30 till 12.30 o'clock.

Cook Brothers have very kindly offered their office to the Circle for this purpose. Plan to buy your cake, candy and pies for that week-end at this sale, and help the Holiday House.

RIGHTS OF HOLDERS OF TREASURY SAVINGS CERTIFICATES

A revised edition of circular No. 149 is in preparation and will be distributed to Postmasters at offices issuing Treasury Savings' Certificates. The circular will contain information concerning the issue and payment of the \$25.00, \$100.00, and \$1,000.00 certificates now being sold at Post Offices.

SARAH IRWIN

Sarah Irwin, wife of William H. Irwin, died on Sunday, February fifth, 1922 at her home, 1108 South 47th St., Philadelphia.

For many years Mrs. Irwin, with her husband and daughter Caroline, resided at 215 Essex Ave., Narberth. Mr. and Mrs. Irwin have many friends in Narberth who are greatly shocked to learn of Mrs. Irwin's sudden death. She was a member of the Baptist Church and of the King's Daughters.

WELL DONE, NARBERTH!

The Playground loan has been authorized. More than 500 votes were cast, and less than 300 were expected. Monday is a busy day in the household, the weather was inclement, the question had been previously submitted; one bite at a cherry is enough for most Americans. In the face of these conditions, the results must be regarded as wonderful. It is a distinction to live in Narberth.

In November the vote was 3 to 1 in favor of the project; in February, with the opportunity of a sober second thought, the ratio increases to 5 to 1. Less than 100 ballots were cast against it. Of course, 83 were previously known to be implacable. And all this in the midst of a depression which makes householder wary of any increased expense.

Out of this achievement other good things must come. It is always thus. Let the man who was dubious cease to have fear—progress begets progress. Success produces spirit and from the spirit everything comes. Borough financing is more than bookkeeping. Civic pride is more than conversation.

Well done, Narberth!

BELL TELEPHONE COMPANY WISHES SUBSCRIBERS AS PARTNERS

Henry Mathews has sent the District Manager of the Bell Telephone Company of Pennsylvania out personal letters to telephone subscribers in his district urging their purchase of the shares of the American Telephone and Telegraph Company.

This move is in line with the best thought of the times.

It is becoming more and more evident every day to thoughtful people that it is very desirable that the users of public utilities' services should be interested as investors in the companies that render the service.

Probably the strongest argument lies in the great desirability of the profits from conducting the public utilities' services in the community, remaining in that community for the benefit of its own citizens instead of being taken away from the community for the benefit of stockholders located in other parts of the country.

We understand that the American Telephone and Telegraph Company, directly or indirectly, owns the entire capital stock of the local Bell Company, and about 90 per cent. of all the other so-called Bell Telephone Companies in the United States. The American Telephone and Telegraph Company is one of the largest industrial organizations in the country and has over 183,000 shareholders. District Manager Mathews points out with enviable pride that over 75,000 of the employees of the Company are regularly paying for shares of its stock, taken under recent subscription plans, and that already

some 23,000 of them hold shares for which they have paid in full. He also points, with natural satisfaction, to the dividend record of the American Telephone and Telegraph Company, which has paid dividends regularly for the last forty years at rates varying from \$7.50 per share per annum, to \$9.00 per share per annum, which is the present rate, dividends being paid quarterly in January, April, July and October.

The shares of the American Telephone and Telegraph Company are dealt in on the Stock Exchanges of New York, Philadelphia, Chicago, Boston and Washington, and recent market quotations have been ranging around \$117.00 per share. It is generally regarded in financial circles as one of the standard investment stocks of the country.

NEW B. & L. SERIES IN MARCH

The Narberth Building and Loan Association will open its new Thirty-third Series at Elm Hall on March 2nd from seven until nine in the evening, when new shares will be offered in both the short and long term series.

Now is a good time to think over your Building and Loan investment, as the fiscal year will close in February and the annual report will be published as of March the first, so that the value of your stock can readily be obtained, and more than likely show you that a few shares more can be carried, and they can be started at the March meeting.

A few dollars invested now in this new series, and next year see what it has grown to. The earnings will be over eight per cent, and the growth of the Association has been steady; the old series have matured and new stock issued, taking the place of the old, until the assets of the Association have reached over \$500,000.

The money paid in each month by the stockholders has been carefully invested in mortgages, nearly all on Narberth property that you can see right here at home. The best feature of being interested in a Narberth Association, is that you know the Directors who are entrusted with the investment of your money, and you also see the property on which the investment is made.

Building and Loan Associations are subject to examination by the Pennsylvania Department of Banking; and the Narberth Building and Loan Association is also examined yearly by a committee of stockholders who check all the accounts, the money in the bank, and see all the securities that cover the loans. All this is in addition to the careful attention given each loan at the Directors' meeting and by the Solicitor, Mr. Fletcher W. Stites.

When you consider that this Association has been in business fifteen years, that through good times and bad has been lending money on first and second mortgages and has never had a property come back on its hands, you will have to confess that care has been used in its management right from its start. That same care is being exercised today by its present Board of Directors.

Where can you find an investment that can be started for a large or small amount of money (one share can be purchased for one dollar a month) that will earn over eight per cent, and yet give you the absolutely safe investment that Narberth Building and Loan Association will?

Stock can be withdrawn at any meeting, and the interest you will receive will be as much and possibly more than if the same amount of money had been put into a savings bank. But if the stock runs to maturity it will pay you over eight per cent.

Suppose you need some money and have been a stockholder for a number of years and have paid into the Association more money during those years than you require at this time. It certainly won't pay you to withdraw from the Association, but you can borrow what you require, putting up your stock as collateral and paying six per cent. interest, while you are receiving eight per cent on your original investment.

If you have any questions to ask about the Building and Loan idea, come to Elm Hall on Thursday evening March 2nd and any of the Directors will be only too glad to help you with your problem.

Tom says: "Think it over, but get busy, at this new series will be the largest ever."

WHEN WINTER IS HERE

Do you know what my heart now is singing.

Increased in the drear winter's chill?

That soon we shall see the bright erous

And the green of the daffodil.

Gray skies are but curtains for gold ones,

The snow blankets' meadows' green hue;

Dead leaves are only the old ones

Fallen down to make room for the new.

So let your heart keep on singing,

Delight in the snow-covered trail;

Spring surely follows the winter,

Soft zephyrs will follow the gale.

THE TOWER OF BABBLE

By Collum Righter

The Column acknowledges no peer in the matter of hard work. In fact it has always been our unalterable custom to put in sixteen hours a day, whether we had anything to do or not. We have received a communication from L. A. P. who boasts of an eighteen hour schedule—he says nothing, however, about the time taken off for lunch—this omission is indeed most unfortunate as the Column cannot draw intelligent conclusions from gross figures.

Some years ago we were invited to lunch by a hardware gentleman from Canal Dover, Ohio. Several things, including an automobile, figured in the affair, and we did not return to the office until next day. What the Boss remarked upon our arrival would scarcely form proper reading for the young. Since that time we have been altogether thoroughly imbued with respect toward the traditional scope and boundary of the lunch period. Many there be that stretch it.

While attending to our own business in a certain Narberth mercantile edifice not so long ago, we overheard a rotund, ulstered gentleman in gold rimmed spectacles, asking details as to the personal appearance of Hon. Editor of "Our Town," remarking that he wanted to shoot him. While it is true that we hold no fear of the gracefully attenuated personage who edits this paper and could probably "lick the stuffs" out of him with both hands tied behind us, yet be it known that we shall always hold him in great esteem and be particularly solicitous for his welfare.

Possibly all editors become targets for the bullets of irate citizenry at one time or another. Why is it? We don't know—but we serve notice right here that if anyone what-so-ever, even to that corpulent gent himself, draws firearms with malicious intent toward the Director of the Destiny of this lambent sheet, he will repent in bitterness, in anguish of soul and likewise in jail. Whoever that blood-thirsty miscreant was, remains to be determined—however, let him be wary how he reaches for his hip pocket—the editor hurls a mean, but well directed, briefcase.

Speaking of hip pockets—they tell us that these time honored waistular receptacles are soon to be relegated to the realm of non-essentials by makers of mule apparel. And why not? Has not the prime cause for their necessity been suppressed? At least nominally so? Yes, nominally so.

That word "nominally" breeds doubt. What we are especially interested in and what we particularly want to know, is who spilled that maraschino cherry in the snow bank on Woodside Avenue.

Woodside Avenue reminds us—we have often pondered whether a horse-shoe is hung on a porch pillar as an emblem of good luck or as a weapon to come in handy in repelling visitors. If the latter is the case, we shall ever respect it—and there is good reason for our respect—we were kicked by a horse-shoe once—on the Lancaster Pike between Bowman Avenue and Wynnewood Road.

P. X. Z. makes bold to query as regards what kind of tobacco the Column smokes. Well, we are just about the same as the rest of 'em when it comes to that. On Monday, we proudly inaugurate a packet of Herbert Tareyton mixture. This lasts us until Thursday when we hit bottom. Then we drift into two tins of P. A. or some other proletarian makings and keep above water until Saturday afternoon. By that time it becomes necessary to lay plans for paying a neighborly visit on Saturday evening. We always pick out a place where pipes and tobacco are known to be part of the furnishings. Usually we manage to string out this visit until two o'clock Sunday morning, safely seated all the while within reaching distance of the tobacco jar. Sunday—well—a chap or two is bound to drop in on a Sunday morning—or again, maybe we can institute an invitation to dinner somewhere. In any event, Sunday is invariably a day of golden opportunities. And Monday marks the advent of another packet of Tareyton.

All of which bears out to an even greater degree, the truth of the old adage which has it that the way of the transgressor is hard. And so it goes.

Narberth Voters Approve \$30,000 Playground Loan

MAJORITY OF 4 TO 1 REGISTERED
BY BIG VOTE IN CONFIRMA-
TORY ELECTION

The special election held on Monday to confirm the Playground loan resulted in a vote of 429 to 89, in favor of the project.

The large ballot was a source of surprise and gratification to those interested in this new public improvement. In all 520 ballots were cast, two of which were spoiled. Many who cast their votes against the loan in November, voted "yes" on Monday, saying that a fuller knowledge of the facts had caused them to change their minds. Others who admitted they were irresolute, bowed to the expressed will of the majority and voted in favor.

For these reasons, the large majority not only indicated present enthusiasm, but also gave promise of a fine civic spirit in the future of the enterprise. Council will take steps at once to issue the necessary bonds, and to begin actual work on the grading of the property.

Of the \$30,000 appropriated by the ordinance approved Monday, \$22,500 is to purchase the property, now in possession of the Narberth Playground Association, and \$7,500 to be used in filling and leveling the tract of land. It is expected that the property will be ready for use as an Outdoor Community Recreation Center this summer.

TIVELY DECORATED

Mrs. Mary Rose Collins gave a delightful reading of the play "The Old Lady Shows Her Medals," by J. M. Barrie. The theme of the play was so human and heart gripping as the other plays and stories of Barrie.

(We were introduced to four old hard working charwomen of London, who were enjoying their tea and gossip. Each boasted of a son engaged in War, but one boasted more than all the others. Her son was larger, braver and more gallant than any other. But he was only a creature of her imagination.

Suddenly a soldier son was brought to her, and for five days this strange pair of childless mother and motherless son tolerated, entertained and finally loved each other. And when he leaves this world she treasures his scarf and bonnet, his memory and his medals of honor.)

Mrs. Collins had many friends in the Club, and after her appearance today, she has a host of new ones, and we will all be glad when she comes again.

Mrs. E. H. Shope gave a Resume of Borough Government which had been thoroughly studied at the last meeting of the League of Women Voters. The women voters of Narberth should know many things about their ordinances and laws and these can best be learned through the discussions at the League meetings.

Narberth was incorporated as a Borough in 1895.

Mrs. Harry A. Jacobs had attended the meeting held in Ardmore on Monday of the Eastern District of the State Federation of Women's Clubs. She reported on the noon conference of Public Welfare which was under Mrs. H. C. Cochrane.

The room was prettily decorated with cupids, red hearts and flowers. The hostess for the afternoon was Mrs. M. F. Alexander, assisted by Mrs. J. E. Bailly, Jr., Mrs. Elizabeth Simons, Mrs. Harriet Noek, Mrs. I. E. Leech, Mrs. Wesley Paulson Bailey, Mrs. J. Garfield Atherholt, Mrs. Roland G. Augst, Mrs. M. C. Anderson and Mrs. C. Senton.

Many guests were entertained, among whom we were glad to see, Mrs. James P. Hunter, President of the Media Community Club, and Mrs. Ernest Clark, Chairman of their Educational Committee.

ANNUAL "MEN FOLKS" MEETING

On Thursday, February 16th, at 8 P. M., the Club members will entertain for their husbands and sweethearts. A speaker, who will be especially interesting to these honored guests has been secured. Major J. S. Stewart Richards will tell of his newspaper work in France under General Pershing.

Isn't it strange how many people have that peculiar faculty of finding out things that are none of their business.

A Communication on An Important Matter

The following letter from one of Our Town's friends, is regarded as of such interest as to warrant the closest reading.

The ideas presented are undoubtedly of the most timely significance.

Attention! Red Blooded Employers

I wish that we were strong enough to lift

Each worry, trouble, toil and care... From off folks' shoulders everywhere. My! That would be a worthwhile New Year's gift.

Come! Everyone upon this earthly sphere!

Resolve in Nineteen Twenty-two To help life's burden bearers through. Let's lighten not just brighten, this New Year.

The foregoing lines formed one of the many New Year's greetings and wishes received by America's beloved humorist and teller, John Kendrick Bangs, as he lay ill at his home in Ventnor, N. J., preparing to undergo the serious operation which finally resulted in his death.

Read that second verse over again! It is more than a mere passing wish. It is a literal command that should be driven home to the heart of hearts of everyone of our citizens.

Let us look at it a moment, you men of Narberth generally—and more specifically, you men of Narberth who are elevated sufficiently high in the business world to be HIRERS OF OTHERS.

There are a good many in the hiring class—good Narberthians all—who in casting about for men to fill their needs, make use of advertising in an effort to secure them. This is fine as far as it goes—but the trouble is that it goes too far—much too far—it goes away out of Narberth. So for the time being, stop it!

Stop it! And think. Why in heaven's name can you not locate just the type of man or men you want, in Narberth? Why not garner them in from your own home town—make IT more prosperous—and lighten THEIR load—and do it at once!

While it is true that some business lines are slack, making it necessary to dispense with some employees permanently and put others on furlough, yet at the same time other lines of trade are finding it essential to comb the market for competent accountants, office men, factory workers and salesmen. The Help Wanted columns in daily papers prove it. Heads of business organizations admit it.

Several competent workers along the classifications mentioned are now available right in town. It is your duty as a townsman to meet them—confer with them. It can be arranged. Sound their qualifications and if it is in the wood to take them on, do so at once. Get off your high horses, if you are on them and get down on the plane of human helpfulness—and HELP your fellow human.

This is not the time for sitting tight

FIRE AT DUDLEY AVENUE HOME

Fire broke out at the home of N. E. Smedley, 104 Dudley Avenue, on Tuesday afternoon, as a result of a defective flue. The fire had smoldered for some hours, finally eating its way up through a frame partition and spreading under the floor of a second story bedroom.

Clouds of smoke were pouring forth when the Narberth Fire Co. arrived. The firemen, directed by John A. Miller, soon located the hidden flames which were extinguished by the use of the chemical engine.

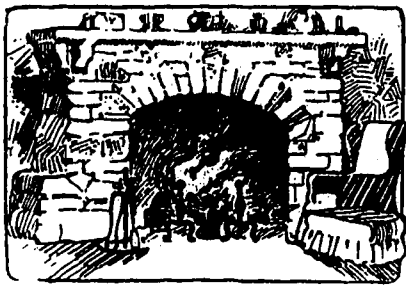

The family which had been driven from their home by the dense smoke were able to return in a short time much relieved from evident danger.

The firemen deserve unstinted praise for the prompt and effective manner in which they worked.

PUBLIC LECTURE AND ENTERTAINMENT

Under Auspices of K. of C.

Charles "Sandy" Chapman, overseas secretary for the Knights of Columbus during the world war, who at the council meeting in January spoke on the "K. of C. War Work Over There," will again come to Ardmore on Wednesday, February 15, in the auditorium of the Woman's Club. Mr. Chapman was so interesting that those who had heard him requested that he be called to Ardmore again and are inviting the public in general to hear of his experiences. He is both instructive and entertaining. Other entertainers will be on the program.

THE FIRESIDE

Mrs. A. B. Ross is recovering from an attack of gripe.

Miss Helen B. Moran is visiting friends in Altoona, Pa.

Mr. William J. Jones, Jr., a student at Lehigh University, was home for several days last week.

A Letter of Appreciation

To the Editor of "Our Town":

Narberth, Penna.,

Dear Sir:

The Borough of Narberth is blessed with a "real" Fire Department—up-to-date, brave, and efficient. This fact is known to a few of our citizens, but I have no doubt that it would take a misfortune such as I have recently experienced to awaken most of us.

On Monday morning last, at three o'clock, my residence at No. 19 Elmwood Avenue, was visited by a fire, which, at the time of its discovery, was of such proportions as to not only threaten the lives of my family, but appeared to doom my home as well. Ten minutes after the alarm was turned in to the telephone exchange by me, our Company was on the ground and had a stream of water on the blaze. Mind you, this was at three o'clock in the morning. Elmwood Avenue was covered with snow, in some places several feet deep, which had not been broken by traffic, and when the first hose connection was made, it was discovered that the plug was frozen up solid.

The fire was of such proportions when the firemen arrived, that it appeared the height of folly to approach close to the building, let alone enter it. Chief Noel, however, with the utmost bravery, not only entered the house, but also fought the flames from the inside, thereby limiting the damage to the least extent possible.

Permit me, therefore, through the columns of "Our Town", to express to Chief Noel and his company the heartfelt and sincere thanks of myself and family for their brave and efficient service. We are glad to be alive to so testify, and trust that it will not require similar misfortune for Narberth to appreciate and support its unselfish "boys."

Sincerely yours,

Frederic A. Egmore.

League of Women Voters Meets Monday

LOCAL ORGANIZATION TO HOLD
MEETING FOR DISCUSSION
COUNTY GOVERNMENT

Mrs. Carroll Downes will be hostess to the League on February 13th, at her home, 315 Woodside Ave. County Governments and County Courts will be the subject for discussion at this time. Mrs. Harry A. Jacobs has charge of the portion pertaining to County Government.

Mr. Fletcher W. Stites has very generously consented to tell the members about the County Courts if he can possibly arrange to be present. Mrs. H. L. Schwartz County chairman, will substitute, should Mr. Stites be unable to attend at the last minute.

There must be many things women are interested to know about their county. For instance, do you know the original number of Counties in Pennsylvania, and how many there are now in the State? What are the county officers? What are the principal duties and powers of the county commissioners?

What are the functions of the District attorney; the county solicitor; the engineer; the coroner; the sheriff; the prothonotary; the register of wills; the recorder of deeds; the jury commissioners and board of Viewers?

What property is exempt from taxes and by what authority is the county's tax rate fixed?

How many courts has your county and what are they? Do you know what cases are referred to these respective courts? Who are the judges? How do they receive their judgeship? What is the length of their term? What is their compensation?

If you do not possess this knowledge, can you afford to miss this opportunity of obtaining this information? All women are welcome whether members or not.

Remember the date—Monday, Feb. 13th, 3 P. M., at 315 Woodside Ave., Narberth.

Saint Valentine's Dance Next Tuesday

SPRIGHTLY AFFAIR IS PLANNED
BY MEMBERS OF TENNIS
ASSOCIATIONS

The St. Valentine's Dance of the Narberth Tennis Association will be held next Tuesday evening, February 14, at Elm Hall. Members and their friends are asked particularly to bear in mind the day—Tuesday, as the Tennis dances are usually held on Friday. The change in the regular schedule was made to meet the occasion—St. Valentine's this year falling on Tuesday.

So remember that the next Tennis Dance will be held next TUESDAY evening, February 14.

Members have been supplied with tickets and those needing extras for their friends can obtain them from C. B. Metzger, chairman of the Entertainment Committee, by calling, writing or phoning to him at his home, 15 Chestnut Avenue.

The music will be furnished by Stock's orchestra—than which there is no better jazzing outfit between here and the Isle of Yap.

For those who have not outgrown the well known sport of "sneaking" valentines under the front doors of our lady loves' home, ringing the bell and then running down to the corner and hiding

—for those of us who are still reasonably youthful in spirit but a little too dignified, or middle aged, or rheumatic, to follow the old style plan, we know of no better way to celebrate the good St. Valentine than to attend the Valentine Dance that the Tennis Association is giving next Tuesday evening at Elm Hall.

HOME BAKE

The Silver Cross Circle of "King's Daughters" will hold a Home Bake on Saturday morning, February 18, 1922, from 9.30 till 12.30 o'clock.

Cook Brothers have very kindly offered their office to the Circle for this purpose. Plan to buy your cake, candy and pies for that week-end at this sale, and help the Holiday House.

RIGHTS OF HOLDERS OF TREASURY SAVINGS CERTIFICATES

A revised edition of circular No. 149 is in preparation and will be distributed to Postmasters at offices issuing Treasury Savings Certificates. The circular will contain information concerning the issue and payment of the \$25.00, \$100.00, and \$1,000.00 certificates now being sold at Post Offices.

SARAH IRWIN

Sarah Irwin, wife of William H. Irwin, died on Sunday, February 5th, 1922 at her home, 1108 South 47th St., Philadelphia.

For many years Mrs. Irwin, with her husband and daughter Caroline, resided at 215 Essex Ave., Narberth.

Mr. and Mrs. Irwin have many friends in Narberth who are greatly shocked to learn of Mrs. Irwin's sudden death. She was a member of the Baptist Church and of the King's Daughters.

WELL DONE, NARBERTH!

The Playground loan has been authorized. More than 500 votes were cast, and less than 300 were expected. Monday is a busy day in the household, the weather was inclement, the question had been previously submitted; one bite at a cherry is enough for most Americans. In the face of these conditions, the results must be regarded as wonderful. It is a distinction to live in Narberth.

In November the vote was 3 to 1 in favor of the project; in February, with the opportunity of a sober second thought, the ratio increases to 5 to 1. Less than 100 ballots were cast against it. Of course, 83 were previously known to be implacable. And all this in the midst of a depression which makes householders wary of any increased expense.

Out of this achievement other good things must come. It is always thus. Let the man who was dubious cease to have fear—progress begets progress. Success produces spirit and from the spirit everything comes. Borough financing is more than bookkeeping. Civic pride is more than conversation. Well done, Narberth!

BELL TELEPHONE COMPANY WISHES SUBSCRIBERS AS PARTNERS

Henry Mathews has sent the District Manager of the Bell Telephone Company of Pennsylvania out personal letters to telephone subscribers in his district urging their purchase of the shares of the American Telephone and Telegraph Company.

This move is in line with the best thought of the times.

It is becoming more and more evident every day to thoughtful people that it is very desirable that the users of public utilities' services should be interested as investors in the companies that render the service.

Probably the strongest argument lies in the great desirability of the profits from conducting the public utilities' services in the community, remaining in that community for the benefit of its own citizens instead of being taken away from the community for the benefit of stockholders located in other parts of the country.

We understand that the American Telephone and Telegraph Company, directly or indirectly, owns the entire capital stock of the local Bell Company, and about 90 per cent. of all the other so-called Bell Telephone Companies in the United States. The American Telephone and Telegraph Company is one of the largest industrial organizations in the country and has over 183,000 shareholders. District Manager Mathews points out with enviable pride that over 75,000 of the employees of the Company are regularly paying for shares of its stock, taken under recent subscription plans, and that already

some 23,000 of them hold shares for which they have paid in full. He also points, with natural satisfaction, to the dividend record of the American Telephone and Telegraph Company, which has paid dividends regularly for the last forty years at rates varying from \$7.50 per share per annum, to \$9.00 per share per annum, which is the present rate, dividends being paid quarterly in January, April, July and October.

The shares of the American Telephone and Telegraph Company are dealt in on the Stock Exchanges of New York, Philadelphia, Chicago, Boston and Washington, and recent market quotations have been ranging around \$117.00 per share. It is generally regarded in financial circles as one of the standard investment stocks of the country.

NEW B. & L. SERIES IN MARCH

The Narberth Building and Loan Association will open its new Thirty-third Series at Elm Hall on March 2nd from seven until nine in the evening, when new shares will be offered in both the short and long term series.

Now is a good time to think over your Building and Loan investment, as the fiscal year will close in February and the annual report will be published as of March the first, so that the value of your stock can readily be obtained, and more than likely show you that a few shares more can be carried, and they can be started at the March meeting.

A few dollars invested now in this new series, and next year see what it has grown to. The earnings will be over eight per cent, and the growth of the Association has been steady; the old series have matured and new stock issued, taking the place of the old, until the assets of the Association have reached over \$500,000.

The money paid in each month by the stockholders has been carefully invested in mortgages, nearly all on Narberth property that you can see right here at home. The best feature of being interested in a Narberth Association, is that you know the Directors who are intrusted with the investment of your money, and you also see the property on which the investment is made.

Building and Loan Associations are subject to examination by the Pennsylvania Department of Banking; and the Narberth Building and Loan Association is also examined yearly by a committee of stockholders who check all the accounts, the money in the bank, and see all the securities that cover the loans. All this is in addition to the careful attention given each loan at the Directors' meeting and by the Solicitor, Mr. Fletcher W. Stites.

When you consider that this Association has been in business fifteen years, that through good times and bad has been lending money on first and second mortgages and has never had a property come back on its hands, you will have to confess that care has been used in its management right from its start. That same care is being exercised today by its present Board of Directors.

Where can you find an investment that can be started for a large or small amount of money (one share can be purchased for one dollar a month) that will earn over eight per cent, and yet give you the absolutely safe investment that Narberth Building and Loan Association will?

Stock can be withdrawn at any meeting, and the interest you will receive will be as much and possibly more than if the same amount of money had been put into a savings bank. But if the stock runs to maturity it will pay you over eight per cent.

Suppose you need some money and have been a stockholder for a number of years and have paid into the Association more money during those years than you require at this time. It certainly won't pay you to withdraw from the Association, but you can borrow what you require, putting up your stock as collateral and paying six per cent. interest, while you are receiving eight per cent on your original investment.

If you have any questions to ask about the Building and Loan idea, come to Elm Hall on Thursday evening March 2nd and any of the Directors will be only too glad to help you with your problem.

Tom says: "Think it over, but get busy, at this new series will be the largest ever."

WHEN WINTER IS HERE

Do you know what my heart now is singing.

Increased in the drear winter's chill? That soon we shall see the bright crocus

And the green of the daffodil.

Gray skies are but curtains for gold ones,

The snow blankets' meadows' green hue;

Dead leaves are only the old ones

Fallen down to make room for the new.

So let your heart keep on singing, Delight in the snow-covered trail; Spring surely follows the winter, Soft zephyrs will follow the gale.

THE TOWER OF BABBLE

By Collum Righter

The Column acknowledges no peer in the matter of hard work. In fact it has always been our unalterable custom to put in sixteen hours a day, whether we had anything to do or not. We have received a communication from L. A. P. who boasts of an eighteen hour schedule—he says nothing, however, about the time taken off for lunch—this omission is indeed most unfortunate as the Column cannot draw intelligent conclusions from gross figures.

Some years ago we were invited to lunch by a hardware gentleman from Canal Dover, Ohio. Several things, including an automobile, figured in the affair, and we did not return to the office until next day. What the Boss remarked upon our arrival would scarcely form proper reading for the young. Since that time we have been altogether thoroughly imbued with respect toward the traditional scope and boundary of the lunch period. Many there be that stretch it.

While attending to our own business in a certain Narberth mercantile edifice not so long ago, we overheard a rotund, mustered gentleman in gold rimmed spectacles, asking details as to the personal appearance of Hon. Editor of "Our Town," remarking that he wanted to shoot him. While it is true that we hold no fear of the gracefully attenuated personage who edits this paper and could probably "lick the stuffin'" out of him with both hands tied behind us, yet be it known that we shall always hold him in great esteem and be particularly solicitous for his welfare.

Possibly all editors become targets for the bullets of irate citizenry at one time or another. Why is it? We don't know—but we serve notice right here that if anyone what-so-ever, even to that corpulent gent himself, draws firearms with malicious intent toward the Director of the Destiny of this lambent sheet, he will repent in bitterness, in anguish of soul and likewise in jail. Whoever that blood-thirsty miscreant was, remains to be determined—however, let him be wary how he reaches for his hip pocket—the editor hurls a mean, but well directed, briefcase.

Speaking of hip pockets—they tell us that these time honored waistular receptacles are soon to be relegated to the realm of non-essentials by makers of male apparel. And why not? Has not the prime cause for their necessity been suppressed? At least nominally so? Yes, nominally so.

That word "nominally" breeds doubt. What we are especially interested in and what we particularly want to know, is who spilled that maraschino cherry in the snow bank on Woodside Avenue.

Woodside Avenue reminds us—we have often pondered whether a horse-shoe is hung on a porch pillar as an emblem of good luck or as a weapon to come in handy in repelling visitors. If the latter is the case, we shall ever respect it—and there is good reason for our respect—we were kicked by a horse-shoe once—on the Lancaster Pike between Bowman Avenue and Wynnewood Road.

P. X. Z. makes bold to query as regards what kind of tobacco the Column smokes. Well, we are just about the same as the rest of 'em when it comes to that. On Monday, we proudly inaugurate a packet of Herbert Tareyton mixture. This lasts us until Thursday when we hit bottom. Then we drift into two tins of P. A. or some other proletarian makings and keep above water until Saturday afternoon. By that time it becomes necessary to lay plans for paying a neighborly visit on Saturday evening. We always pick out a place where pipes and tobacco are known to be part of the furnishings. Usually we manage to string out this visit until two o'clock Sunday morning, safely seated all the while within reaching distance of the tobacco jar. Sunday—well—a chap or two is bound to drop in on a Sunday morning—or again, maybe we can institute an invitation to dinner somewhere. In any event, Sunday is invariably a day of golden opportunities. And Monday marks the advent of another packet of Tareyton.

All of which bears out to an even greater degree, the truth of the old adage which has it that the way of the transgressor is hard. And so it goes.

Church Notes

The President of the Women's Aux-
iliary wishes to make an urgent appeal
for a greater number of workers. This
organization has undertaken a certain
amount of work for the Church, and
will not possibly be able to complete
it within the time specified, unless there
is a much greater co-operation on the
part of the members.

As a matter of fact, every woman in
the parish is a member of the Auxiliary,
and it is earnestly hoped that each
one will arrange her engagements to
include Thursday mornings in the Par-
ish house, during the next eight weeks,

which will not only enable the society
to accomplish what it has undertaken,
but will, indeed, be a very fitting pre-
paration for the joyous Easter day
which follows on April 16th.

Please note that the day of meeting
has been changed from Monday after-
noons to Thursday mornings, in the
hope that the latter time will be more
convenient to the majority.

The annual dinner under direction
of the Men's Club is scheduled for
February 24th. Please reserve this date
for All Saints Church. A more de-
tailed notice will appear in a later
issue, however, the speaker of the even-
ing may be announced at this time, as
Rev. Robert Norwood, Rector of the
Memorial Church of St. Paul, Over-
brook.

Church Notes

It is very gratifying to record that
over \$550.00 was contributed to the
Near East Relief work on last Sunday,
by this congregation. This is "applied
Christianity." Additional contributions
will be received tomorrow.

The Congregational Prayer Meeting
will be held next Wednesday evening.

A most delightful business meeting
and social were held by the Intermedi-
ate C. E. Society on Thursday evening
of last week. The games were in charge
of Miss Ruth Haws. A similar busi-
ness meeting and social were held by
the Senior C. E. Society last Tuesday
evening under the direction of Mr.
Peter Stam.

CHRISTIAN ENDEAVOR NOTES

Presbyterian Church

The contest held by the Senior En-
deavor society came to a close Sunday,
Feb. 5. The winners who are Captain
Dorothy Bottoms, Patsy Martin, Mable
Haney, Mable Kirkpatrick, Louise Far-
ina, Betty Jones, Irene Winchester and
Lois Smith of Team B, are now in line
for a banquet to be given for them by
the losers. The date will be announced
later. The contest was between five
teams of the Senior Society and con-
sisted of trying to do the best work.
Other points were gained by new mem-
bers, attendance and making visits to
other societies. At the monthly meet-
ing, Feb. 8, the game of missionaries
was played. The side led by Donald
Hoffman won. The winners being Mable
Kirkpatrick, Robert MacKinnon and
Donald Murphy. Foss Mitchell, of the
losers, had high score for his side.

LARGE SCOPE OF ACTIVITIES OF ARDMORE BRANCH SHOWN IN ANNUAL STATEMENT

Our spring course in millinery will open on Thursday, February 2nd. Madame Thosin who has established herself as a most competent instructor, will be in charge. Groups will meet in our Association Building, Ardmore, every Thursday from 10.00 to 12.00 in the morning, and from 7.00 to 9.00 in the evening. Another group will meet in the Saturday Club House at Wayne, every Thursday from 2.00 to 4.00. On Tuesday, February 28th, our spring term in dressmaking is scheduled to begin. This group will meet in the Association Building every Tuesday from 7.00 to 9.00 in the evening. These two courses afford excellent opportunities to women and girls, who not only want to create their spring hats and gowns, but also would like to become more efficient in the art of millinery and dressmaking.

While the year 1921 was a hard one in some respects, taking it as a whole, the management of our Association feel encouraged with the report of work done. Records show that during the year 1,144 different persons were members of the Association. On December 31st, 840 of these had made provision for the continuance of their Association membership. These figures report a gain of 128 over December 31st, 1920, or a net gain in membership for year 1921 of 19.65 per cent. We simply state in this connection that our Membership Committee has adopted as their goal for 1922 a minimum of 1,200 members by December 31st. Our membership is made up of not only men and boys, but also of women and girls. Of the 840 members recorded on December 31st, 342 were men, 175 boys, 247 women and 76 girls. The activities of the year showed an increase over the previous year. During the year 12 different educational clubs met regularly for ten or more sessions, with a total enrollment of 256, and an attendance of 5,945. In addition to these there were conducted 121 different educational and entertainment meetings, with a total attendance of 6,240. During the year there were 166 enrollments in groups in which religious instruction, by way of Bible study, story telling and group discussion was given. The total attendance in these groups and other religious meetings, totaled for the year 1,686.

There were 32,754 uses of the various physical features, including gymnasium, natatorium, and use of shower baths and locker rooms. 424 swimming lessons were given—this does not include mass instruction and help given quite frequently other than under regular lessons scheduled. Our two Bowling Alleys were not idle, especially when we remember that they could be very little used by men outside of the evening hours. 5,858 games show considerable use. There were 8,736 uses of the Pool Tables. Our sixteen dormitory rooms for men were constantly in use by transients, as well as by other men away from home who were staying in our community several weeks or months. In addition to these rooms, 45 rooms more in private homes were made easily accessible to both men and women through our Room Exchange. In addition to the steady use of books and magazines and newspapers in our Reading Room and lobby, over 300 books were borrowed from our library for home reading. Frequently personal interviews concerning employment, lodging and character problems were held. Occasional social events were enjoyed by the members of our Association and their friends. Outstanding among these might be mentioned the Halloween Parties, Our Home Talent Annual Circus, Our Mother and Daughter and a Father and Son Banquets. During the year we co-operated with churches, civic and other service organizations of the Main Line community as opportunities were afforded. A conservative estimate based upon accounts of busy days, and days not so busy, shows there were, at least, 50,000 different uses of our Building during the year.

Our financial statement shows that our total contracted operating disbursements amount to \$19,230.88. \$12,282.13 were provided for by internal earnings, made up of such items as membership fees, a small fee charged for the use of special privileges and rentals from rooms. The balance of our expenses are provided for by contributions made up by friends of our work. We are sorry to say that with the close of the year we are short of about \$1,500.00 of having this balance on hand. It is our constant aim to make this Chris-

tian Character Building organization just as helpful as possible to every man, boy, woman and girl of the Main Line. Plans have been laid for further development of our work and a gradual increase in the extension of our service. We invite any who may be interested in this sort of work to inquire into the value and merits of our movement as well as offer suggestions.

Prevailing wind, northwest.	
Total snowfall, 14.3 inches.	

Two severe storms occurred during the month. The one on the 11th was attended by strong northeasterly winds, shifting to northwest, the barometer falling to the lowest point since March, 1914. This storm was preceded by a beautiful lunar halo on the night of the 10th. On the 28th, a severe blizzard set in, snow falling almost without pause for close on 36 hours. The barometer showed the usual characteristics under such conditions, its depression being only slight. There were 20 days when the mean temperature was below 32 degrees, against 10 days in January, 1921.

NARBERTH GIRLS LOSE TO BOYS

The annual Bloomer game of the two teams was the best and most exciting in many years, when the boys scored 28 points to the girls 25. During the first half the girls allowed the boys but four goals for a total of eight, while they registered 14 points. Then all the boys changed positions and came back in the second half so strong they turned it into a victory. Almost 150 persons attended the game. The line-up was as follows:

Girls	Position	Boys
M. Fowler	F.	Heckle
L. Smith	F.	Ward
E. Dethard	C.	Erdman
D. Bottoms	S.	C. Smith
T. Fowler	G.	Kautzen

A RESOLUTION

A Committee consisting of Messrs. Redifer, Leitch and Warner, appointed to draft a resolution on the death of Mr. Charles E. Kreamer, late President of this company, presented the following which was unanimously agreed to.

Be it resolved, by the Narberth Fire Company, in monthly meeting assembled, that in the death of Mr. Charles E. Kreamer, a charter member and for many years president of this company, a great loss has been sustained by his family, his friends, this company and the other organizations with which he was connected.

Mr. Kreamer, during his 26 years of membership, has always been a true friend of the company; in sympathy and accord with all progressive movements in its behalf; in the acquisition and improvement of its property; in the acquisition and modernization of its fire-fighting equipment; lending a helping hand at critical times without which the company would have been unable to improve its service to the community; working to improve its service to the community; fostering an interest in the company's affairs which encouraged the active membership to constantly increase their efforts to protect lives and property in this vicinity.

His hand is no longer on the wheel and we mourn with his family and his friends. His house was in order and he was prepared to meet his God as few men are. And, he it further

RESOLVED, That this resolution be spread upon the minutes of this meeting and a copy sent to Mrs. Kreamer.

A Communication

(Continued from Page 1)

when you have a job for someone—you must fill it, and promptly too.

Weeks go like lightning when there is no pay envelope coming in. Savings use themselves up with great rapidity. hTere's always coal to buy and food to provide for the little ones, and big ones as well. You know all this. Of course you do.

The formation right now, of THE NARBERTH EMPLOYMENT EXCHANGE should be discussed at a special meeting of the Borough Council and settled at once. Do the thing properly. Open the Council Chamber every evening from seven to ten. It is a vital issue. Appoint a Committee of three men to attend to the mighty important details of bringing together those Narberth men who are out of employment and those Narberth men who can give them employment.

And you men who are out! A word to you! All that unnecessary pride of yours must be thrown to the winds. Do not forget that! There are men here that can help you. You must meet them and state your qualifications. It can be arranged.

THE NARBERTH EMPLOYMENT EXCHANGE can and by all means should be started immediately. Place Mr. Metzger, or some live wire designated by him, in the Chair. Let two helpers be appointed—and get going! The three men that constitute the Committee must be decidedly on the job—that is the main qualification.

The employers of men in this town have enough good red blood in their veins to push this EXCHANGE through to success, cooperate to the fullest and literally "brighten" the load and "brighten" the darkness that is entering some Narberth homes due to the chief provider being laid off on account of conditions prevailing in the house with which he was formerly connected.

(Pending the outcome of this suggestion, Our Town will be glad to receive, and treat as confidential, any information from either employers or those seeking employment. Address the Editor, Box 966.)
